
UNIQUE ITEMS

NEW ADDITIONS IN PATCH 1.55

There are 430 unique items in Median 2008 1.57.

Normal Uniques

Most unique items can exist in Tier 1 to Tier 6 versions. Higher tier versions of the same unique have similar stats, but are improved in all areas.

Sacred Uniques

Additionally, the Sacred tier of each item type has its own unique version. Sacred uniques can only drop in level 121 areas and nowhere else.

Unique Amulets, Rings, Quivers and Jewels

These item types have no tiers. Most unique amulets, rings, quivers and jewels can be found in the regular game, though the very best only spawn in level 121 areas. Unique quivers and jewels are a new feature in patch 1.55.

In versions of Median 2008 before 1.55, unique amulets and rings did have 'faux tiers'. You may see some of those if you trade with other players. They are still functional, just outdated.

Sockets & Energy Factor

All unique items come with the maximum allowed number of sockets for the item type. Also, if the base item has a chance to have an energy factor bonus, the unique item will always have it.

Oskills

If a unique has a skill bonus with no character class requirement (eg. '+3-6 to Flash'), then the bonus is an 'oskill', giving this skill to any class for free. The class that actually owns the skill can only get up to +3 from oskill modifiers, even if the item itself has more.
